

ICORS14

Call for Abstracts

14th International Conference on Robust Statistics

Martin-Luther-University Halle-Wittenberg
from August 10-15, 2014 in Halle/Saale (Germany)

The ICORS 2014 intends to establish a forum for discussions about recent developments in robust statistics and related fields. This includes new methods, theories, and concepts in robust statistics as well as applications of robust methods in statistical data analyses. Particularly young researchers in these fields are encouraged to present their work. A central aim of this conference is the discourse between experts in the field and young researchers

Further information can be found on the conference web site

<http://statistik.wiwi.uni-halle.de/icors2014>.

Registration and abstract submission is organized via the ConferenceTool (<http://wiki.wiwi.uni-halle.de/conftool/>). Abstracts are to be submitted in plain text (basic L^AT_EX commands are allowed).

Organizing committee: *Claudia Becker, Giovanni Porzio, Giancarlo Ragozini, Kristin Dombrowski, Thomas Kirschstein, Steffen Liebscher, Lisiane Schnegelsberg*

Important dates:

March 07, 2014: Registration & abstract submission opens

May 23, 2014: Deadline abstract submission
